Let me talk about this with Michelle. I will get back to you on Friday.

Thanks for the heads up.

Hi Nancy,

See below request for us to potentially participate in the AFE meeting. I recall you were thinking of hosting your HHC/fish consumption workshop in the Feb timeframe. Are you thinking that you would hold it sometime right before or after the AFE meeting? Just wondering if we can piggyback on these two events if possible. Thanks.

Hi Angela,

Tribal specialists have been asked to consider topics for the February 9-13, 2015 Alaska Forum on the Environment (<http://www.akforum.com/>). JR Herbst suggested that fish consumption work would be a good topic for a session due to a large amount of tribal interest. Would someone from your unit be interested in submitting a presentation? Santina Gay is the EPA staff contact in Alaska who is helping to coordinate the Forum.

Best,
